INFINITE

THE SIEGE OF COLUMBIA™

Extra Handyman Variant (2-PLAYER ONLY)

The *Collector's Edition of BioShock Infinite™*, the video game, came with a Handyman figure. This figure was intended for promotional purposes, but we thought owners of the extra Handyman might like a way to incorporate it into the board game.

Special Rules

Founders may have up to 4 Handymen on the board at the same time.

Whenever the founder player has 4 Handymen on the board the Vox-Populi player has the following ability: Once per round you may discard an action card from your hand to search your discard pile for a card of your choice, show it to the other player, and place it into your hand. You may not search your discard pile for the Airship card.
